

Council tax energy rebate

If you live in a band A – D property, you may be entitled to a £150.00 payment to assist with rising energy costs.

A separate discretionary scheme will be made available to residents who live in a band E – H property. Once this scheme has been finalised, we will be updating our website to confirm the application process and eligibility criteria.

Payment of the rebate

If you pay council tax by direct debit, we will be making the energy rebate payment directly to your bank account.

If you do not currently pay by direct debit and wish to arrange future payments to be collected by this method, please call the telephone number provided below.

If you do not pay council tax by direct debit, the energy rebate team will contact you shortly to confirm how we will make this payment to you

Please do not call our council tax team in relation to the energy rebate scheme as they will be unable to answer your enquiry.

Please be vigilant

Some residents are receiving scam phone calls and emails relating to the council tax energy rebate scheme.

Please be alert to this - we will never call you to request your bank account details.

The genuine council tax rebate payment will be available to eligible households from later this month.

We would be grateful if you could pass this message on to any vulnerable residents who live close to you.

If you have any concerns or questions, you can contact the Energy Rebate Team on
